Consider the state of the same of the state of the state of the same of the state of the state of the state of the same o griy even at the expense of separation. The natry is large enough for two free and indeandant republics, through whose joint co-operation the prisciples of the MOEROE deciries might still be preserved, and the ambitious designs of European despots thwarted.

A continuance of the war is death both to republican liberty and the Monnon doutries, and will enable the monarche of Europe hereafter to and principles that shall rule in this country.

IN The Huntwills Advocate says that during the recent Faderal rold into Flurence, Ala, they warmt the three sotten factories of Martin, Weskley & Co., which worked to 4000 bales per year; the weelen factories of Darby. Benham & Co., and of James Martin pourestion of ten of the largest immedes at the been singularly cool, the mercury has fallen as & Sea-five factories. In Florence, they know the Messuis hall, one uncompiled tavers, two were made known at Saltville the price of sait conts have looked uncomfertable coough, and, and the first and one carpentar's was advanced from ten to fifteen delars. It even ut mid day, we have found it pleasanter to the effect that all the citizens which make Equipment to the effect that all the citizens that the effect that all the effect that all the citizens that the effect that all the effect that all the effect that all the effect that all the effect famen, ato. They broke open every store in the place, took what they could serry off, relabed eltiums of miney, watches jewelty, horse ste., tesk off come migrous, deselated and burned Mrs James Jackson's place, stc. Theeles lenraed several mills and tan yards in the dennity. This is a fearful inventory, the manuery of which should be charlabed, for a proper application of the principle of lex telianis.

A travaller just from life manufacturing Michigan of the Mirch Informs the Richmond Dirputed that the popule there have no wish to see the war at del. All are making money by ensirant, werking night and day, and are willing to any three humited delines for enterityees on of their profile. Manufesturara make no complaint of their laxis. They feel none of the horrors of war, and note nothing about it Second are engreed largely in making cotto en is and other article benefits for as, while the this to Namer an larger Stock.
